## **Information to LightingEurope members – Call for members for new Working Groups**

The LightingEurope Board has adopted a new structure for the LightingEurope Working Groups, that is better aligned to deliver the new 2019-2021 LightingEurope priorities adopted by the General Assembly on 22 March 2019.

In line with article 7 of the LightingEurope Bylaws, the Secretariat is inviting existing member companies and associations to nominate their representatives for these new Working Groups. All members have received an email with information on the new groups and how to nominate representatives.

If you are an employee of a LightingEurope member organization and want to find out more, please contact the LightingEurope Secretariat [contact@lightingeurope.org](mailto:contact@lightingeurope.org)

### **About LightingEurope**

*LightingEurope is the industry association of 33 European lighting manufacturers, national associations, and companies producing materials. LightingEurope members represent over 1,000 European companies, a majority of which are SMEs; a total workforce of over 100,000 people in Europe; and an annual turnover estimated to exceed 20 billion Euro. LightingEurope is dedicated to promoting efficient lighting practices for the benefit of the global environment, human comfort, and the health and safety of consumers.
